

Wildlife Adventure Camp 2010

Mondays: Ages 4-5

Tuesdays: Ages 6-7

9:00 a.m. - 11:30 a.m.

Includes interaction with our education animals, games, snacks, crafts and zoo or museum tours. Kids should wear play clothes, sun block, and closed-toed shoes. Members \$13.50/Nonmembers \$15.00

June 14 & 15 I Can See You!

We'll 'look into' why some animals can see in the dark while others are blind as a bat.

Session: **WAC See**

June 21 & 22 They're Not Stinky!

Why do maned wolves have that musky odor? And those rhinos! Follow your noses why some animals smell and others have a keen sense of smell.

Session: **WAC Stinky**

June 28 & 29 That's How We Move it! Move it!

Can you hop like a kangaroo? Walk like a giraffe? Crawl like a cockroach? Wear your walking shoes because we're going to MOVE IT!

Session: **WAC Move it!**

July 6 Can You Hear Me Now?

Animal ears come in all shapes and sizes. The bigger the ears the better the hearing? Do long ears hear more than round ones? Clean out your ears and come listen at the zoo as we find out.

Session: **WAC Ears**

July 12 & 13 Teeth, Tongues, and Taste

What do giraffes and aardvarks have in common? Why, a long tongue of course! Do tongues make food taste better? Do you like sweets or salty? We'll find out which the sugar gliders prefer.

Session: **WAC Taste**

July 19 & 20 Feathers, Fur, & Scales

Animals come in all shapes, sizes, and colors. Some can even change colors while others use their colors to help them hide. There's no hiding from us as we compare animal coverings.

Session: **WAC Feathers**

July 26 & 27 The Tail End

Puppies chase their tails for fun. Do aardvarks wag their tails? Why do monkeys have a tail and apes don't? We'll get to the bottom of this at the tail end of summer.

Session: **WAC Tail**

Wildlife Explorer Camp 2010

Thursdays: Ages 8-10

9:00 a.m. - 3:00 p.m.

Includes interaction with our education animals, games, snacks, lunch, crafts, & zoo/museum tours. Kids should wear play clothes, sun block, and closed-toed shoes. Members \$27.50/Nonmembers \$30.00

June 17 I Can See You. Can You See Me?

Why do some animals have big eyes and others none? We'll "look" into some of these amazing facts.

Session: **WEC Eyes**

June 24 Phew! What's That Smell?

Does an elephant with a long nose have a better sense of smell than a bird with two holes in his beak?

Let's get nosy and sniff out the facts.

Session: **WEC Smell**

July 1 Getting From One Place to Another

Do animals with feet move faster than animals with fins? With hundreds of legs, will you get home sooner? Put on your walking shoes and let's find the answers.

Session: **WEC Feet**

July 8 Do You Hear What I Hear?

Which animal has the best sense of hearing: a rabbit with big ears or a lemur with small ones? You won't need a hearing aid to listen to the wolves howl, but you might for some of the other animals.

Session: **WEC Hear**

July 15 Open Wide and Say "A-h-h-h"

The timid Muntjac deer has large vampire-like fangs hanging out of his mouth. Do giraffes or anteaters have the longer tongues? We will grit our teeth and see if animals get cavities.

Session: **WEC Mouth**

July 22 When Camouflage is Chic

Some animals wear leather coats on hot summer days. Flamingos wear feathers in a blizzard. Do Rhinos need sunscreen? Put on some comfortable clothes and head to the zoo for a glamorous fashion show

Session: **WEC Camo**

July 29th Interior Decorating

Animals come in all shapes and sizes. An aardvark looks like he was created from leftover animal parts. What kind of animal would you create with spare parts?

Session: **WEC Shapes**

Junior Zookeepers

Wednesdays & Fridays ages 11-14
9:00 a.m. - 3:00 p.m.

With this unique opportunity to follow in the footsteps of professional zookeepers, participants will engage in actual zookeeper chores that they perform every day to keep the animal residents healthy. They will work in the Reptile Building and Kid's Country along with many other behind-the-scenes areas at Rolling Hills.

New this year: The groups will now develop skills to manage keeper records, keeper staff, a dart team, food orders, and view new behind-the-scenes areas this program has never visited.

Register today for this once-in-a-lifetime experience that will not only add excitement to any kid's summer but can help prepare them to volunteer at Rolling Hills.

Members: \$55.00 Nonmembers \$60.00

Session (choose one) Dates:

Session: JZK1 (Wednesdays)	Session: JZK2 (Fridays)
June 30	July 2
July 7	July 9
July 14	July 16
July 21	July 23
July 28	July 30

Chili's Slumber Safaris

Ages 8-12
6:00 p.m. - 9:00 a.m.

Join us for a one-of-a-kind summer adventure. Leave your parents at home for the night as we start the night off with dinner from Chili's Grill & Bar, play games, take a flashlight tour of the museum, walk the zoo at night, fall asleep to a movie and popcorn, eat breakfast, and take a morning tram ride through the zoo.

Members: \$31.50 Nonmembers: \$35.00

Chili's Boy's Only Slumber Safari

Saturday, June 5, 2010

Session: **BOY**

Monsters of the Deep

What creatures lurk in the deep blue sea? Take a dive into the water and see how the animals adapt the deeper you go and with no light. In celebration of World Oceans Day we'll be diving deep and exploring the beautiful creatures (real and imaginary) of the ocean.

Chili's Girl's Only Slumber Safari

Saturday, June 12, 2010

Session: **GIRL**

Mermaids and Manatees

Are they one and the same? Did sailors really think manatees were beautiful mermaids? To celebrate World Oceans Day, we'll be diving deep and exploring the beautiful creatures (real and imaginary) of the ocean.
